## UNITED STATES SUMMARY

1-103

The Bureau of the Census acknowledges the cooperation of the Department of Defense in providing the information contained in the table below. The theaters covered in the table are those operated by the Department of Defense on military installations of the Departments of the Army, Navy, Air Forces and by the Marine

Corps in the continental United States for the use of military personnel and their dependents. They are manned, for the most part, by civilian personnel, but these are supplemented in some cases by military help. However, the employment and payroll data in this table are for civilian employment only.
